### MORE ABOUT Firebombings

disorders remained in the county jail at Edwardsville today. Police described them as the leaders of the group of militants responsible for the disorders. The other 25, two of whom were 16-year-old juveniles, were released pending magistrate hearings to be held later. All were arrested on charges of disorderly conduct or inciting.

Those still held today in lieu of \$1000 bonds are Tommie Lee Williams, 23, of 163 Lee Wright Homes, Venice; Marvin Clemens, 25, of 302 Weaver street, Venice; Henry Pickett, 25, 910 Webster street, Madison; J. B. George, 22, of East St. Louis; Lemmon Smith, 27, of 328 Weaver street, Venice, and Clement West, 22, of Venice who gave no address, all charged with disorderly conduct and inciting a riot; Claude Garrett, 22, of 311 Mercedia street, Venice, charged with disorderly conduct; and Tyrone Walker, 21, of 1111 Calhoun street, Venice, charged with disorderly conduct and resisting arrest.

### Free Pending Hearings

Others arrested during the Tuesday night disturbances and released yesterday on recognizance bonds pending hearings include:

James E. Newsome, 24, of 609 Mercedia street, Venice; Charles Mosby, 20, of 811 Jackson street; Lester B. Latham, 17, of 73 Lee Wright Homes; Bruce W. Davis, 18, of 53 Lee Wright Homes; Gerald Masie, 24, of 126 Lee Wright Homes; Wilbur Newby Jr., 18, of 68 Lee Wright Homes; Ollie Wright, 22, of 1109 Douglas street, Venice; Walter Schalkoff, 28, of 1135 Bissell street, Venice.

Robert Young, 18, of 918 Webster street, Madison; Walter Alford, 25, of 219 Terry street, Eagle Park Acres; Jesse L. Terrell, 27, of 808 Franklin street, Madison; Floyd Jenkins, 26, 93 Lee Wright Homes, Venice; Maurice Williams, 24, of 1209 Market street, Venice; John Ball, 20, of 337 Weaver street, Venice; and Odale Long, 24, 1118 Logan street, Venice, all charged with disorderly conduct and inciting a riot.

Dan Williams, 17, of 23 Grenzer Homes, Madison; Forrest Garrett, 19, of 301 Madison street; John Nichols Jr., 23, of Fort Carson, Colo.; Charles Williams, 21, of 1106-r Market street, Venice; James H. Burdell Jr., 19, of Brooklyn; L. Brown, 25, of 1128 Douglas street, Venice; William J. Terrell, 33, of 808 Franklin street, Madison; and George Sherrod Jr., 21, of 1232 Douglas street, Venice, all charged with disorderly conduct.

### First Signs of Trouble

First signs of actual trouble developed about 9 p.m. Tuesday when police reported that small gangs of youths, virtually all of them from 18 to 25 years old, began gathering on street corners in North Venice.

Several of these gangs continued to increase in number until one group at Douglas and Weaver streets included about 50 persons, authorities reported. Another large group gathered at the same time at Calhoun and Weaver streets in front of a store.

Fire which police said was caused by a fire bomb, was reported at the vacant Venice Food Market, 1009 Douglas street, at 9:30 p.m. and the Venice fire department answered the alarm. Two Venice police cars as well as other units which had been called in from a Madison staging area, moved into the section.

As they reached the scene of the fire, which had gained but little headway, a Venice police car and a Venice fire truck were pelted with rocks and bottles. There were no injuries.

Police said the objects were thrown by a group of youths in front of a tavern on Weaver street.

### Little Fire Damage

The food market fire was extinguished with damage estimated by firemen at about \$30 to the building.

At this point, acting on orders of Police Chief John Essington and Mayor John E. Lee, police ordered all Venice taverns closed. As a result, the crowd in front of the tavern moved along Weaver street and merged with the crowd in front of the store.

Assistant Chief of Police Ralph Brawley urged the crowd to disperse, but Brawley reported later "they paid no attention." While milling around the area, an unidentified person tossed a fire bomb inside an apartment house at Weaver and Logan streets, but again the bomb failed to explode and a minor fire was extinguished. Firemen reported there was no damage to the apartment house.

Police said the crowd then began breaking up into smaller groups which moved off in different directions. One group was walking west in the 1000 block of Douglas street and continued to ignore police demands to return home, police took the group to headquarters to be booked on charges of disorderly conduct and inciting a riot.

### \$500 Reward Offered In Arlington Damage

The Arlington Golf Club is offering a \$500 reward for the arrest and conviction of vandals who destroyed two soda machines on Hole 6 of the golf links. They also damaged the green at Hole 14 extensively by using a stick to rip the surface.

Anyone having information leading to the arrest of the persons or person involved in the vandalism may call the club, 344-5322.

### House, Garage Entered

Norbert Boyer, 1741 Bremen avenue, reported at 2:45 p.m. Tuesday that when he arrived home at 2 p.m. he found that the front door had been forced open with a large screwdriver. The garage also was entered and holes were poked in a can of oil which was poured over the floor. Nothing was missing.

At police headquarters, authorities said, Walker attempted to strike several officers. He was charged with resisting arrest in addition to disorderly conduct.

Arrests occurred at a number of locations in North Venice as police moved to prevent disturbances from spreading into more serious incidents. The prompt police action was believed responsible for the fact that no injuries were reported.

Trouble had been reported developing among North Venice militant youths during the past few weeks as a result of what they claimed was unsatisfactory response by Mayor Lee and Police Chief Essington to demands that two Venice police officers not be given duty in North Venice.

About a week ago it was learned, a group of militant leaders sought the dismissal of one police officer who was involved in an incident with a North Venice youth.

A group of about 15 North Venice residents met Tuesday morning with Mayor Lee, Chief Essington and Brawley and presented a series of other "issues" among which were complaints that not enough members of their group were being hired by a Venice industry. Mayor Lee pointed out that the firm had employed six North Venice residents last week. Lee said members of the group indicated they were not concerned with this, but with the fact the jobs were not going to their particular group.

No Jail Mattresses

Other issues raised involved complaints that there are no mattresses in the Venice city jail cells and not enough trash cans in North Venice, it was reported. The group also complained of a lack of recreation facilities for children and renewed their complaint against certain police officers.

Due to the tone of the meeting, Essington and Brawley anticipated Tuesday night's disorders and with the cooperation of state police and the police departments at Madison and Granite City, as well as the Madison county sheriff's office, had help close at hand when the outbreak developed Tuesday night.

Mayor Lee yesterday commended the other departments for their cooperation and said the city of Venice was highly appreciative of the assistance of the other officers.

The parking lot at the Madison city hall, adjoining the Madison police station and jail, served as a gathering point for sheriff's deputies, state troopers, Granite City police and Madison officers who were on hand when the call for assistance came from Venice police.

## Two Youths Arrested For Burglary Attempt

Two youths were charged with attempted burglary and intoxication at 2:20 a.m. today in front of Grant's store in the Nameoki Village shopping center where they were spotted by patrolmen.

They are Thomas J. Papp, 19, of 2328 Pine street, and Craig J. Argent, 18, of 3606 Pontoon road.

Two windows on the north side of the store had been broken, and grease and blood were found on the youths and on the windows, police said. A child's ride machine in front of the store, owned by the Swanson Amusement Co., Bridgeton, Mo., had been broken open, and a tire tool was found nearby.

## MORE ABOUT Group Will

next committee session at 6:30 p.m. July 17 at Sunset Hill Holiday Inn, scene of yesterday's luncheon.

Hearings are expected to be held in August, with preliminary conclusions forwarded in early September. The commission will report to the governor in November, for submission to the Illinois Constitutional Convention opening in December, what it believes a new state constitution should say — and not say — regarding urban government.

"Con con" fact-finding being carried out through the University of Illinois will not be as pointed or detailed on urban government as the commission recommendations, it was explained.

By June 1, 1970, the Regional Advisory Committee is to give the commission its views on two alternative legislative programs — one assuming that a new convention is approved by voters in November 1970, and the other assuming that the referendum is defeated.

An appropriate report, depending on the election outcome, will be sent from the commission to the governor for General Assembly consideration in the session opening in January 1971.

**General, Regional Studies**  
The Madison-St. Clair counties group will not only make general legislative suggestions but also pinpoint specific Assembly actions needed to improve county and municipal government in the two counties. It also will work toward such non-legislative goals as improved governmental services, increased coordination between agencies and decreased duplication of effort.

In the discussion, it was acknowledged that a number of other study groups and organizations are active in the general field of urban government, but that the work of the commission will probe more deeply — as well as making use of others' proposals which have not been implemented but are still pertinent and sound.

Both the members and leaders emphasized action-oriented steps as opposed to "making just another study in a field where many of the problems already are well known."

**Seek Fresh, Strong Ideas**  
Despite awareness of such widespread issues as inadequate tax bases, housing and job opportunities, Elkin said, there is a real need for fresh approaches originating from experts unfamiliar with day-to-day life in an area.

"Help us replace some of the old assumptions with strong new ideas and we will follow through with the detailed research and planning that the executive director told the gathering."

Magag, chosen as regional chairman by Gov. Ogilvie, presided and Wilson and Merriam reviewed activities of the commission, an outgrowth of a 1963 Chicago "committee on urban progress."

The group initially concentrated on housing problems but found them related to transportation, finance, public safety and government structure. It also found that "Illinois urban problems are not all in Chicago."

**Metropolitan Regions**  
The Madison-St. Clair counties committee, dealing with a 1960 population of 487,000, is the third to be formed.

Earlier this month, initial regional meetings took place at Rock Island-Moline (200,000 area population) and Champaign-Urbana (132,000).

Committees are expected to hold initial sessions in July at Rockford (230,000), Bloomington-Normal (83,000), Springfield (146,000), Peoria (131,000), Decatur (118,000) and Chicago (6,220,000).

## MORE ABOUT Craft Unions

tations must be carried out separately with other unions in various jurisdictions of the 38-county SIBA area, he noted.

Gangneith said he is unable to say at this time whether or not contractors of the five-year period of the new contract. As a result, ironworkers in that area have been on strike for nearly a month, tying up many millions of dollars in construction work.

The ironworkers balked at the five-year period of the new contract. As a result, ironworkers in that area have been on strike for nearly a month, tying up many millions of dollars in construction work.

Gangneith said the first meetings this week and next will consist only of preliminary talks in which contract terms and issues will be discussed. No terms have been submitted by the unions thus far and these are expected to develop as the talks progress, he said.

Pontoon Teens Name  
GCHS Teacher 'Tops'

James J. Jeffries, 3224 Car-  
son avenue, a social studies  
teacher at Granite City high  
school and faculty adviser to  
the high school Student Council,  
has been voted the most out-  
standing teacher of 1968-69 by  
members of the Pontoon Teen  
Town Club and will be honored  
tonight.

At their weekly dance at 7:30  
p.m. today in the Long Lake  
Firemen's hall on Pontoon  
road, club members will pre-  
sent Jeffries with a seven-  
volume set of social-history  
books and other volumes relat-  
ing to government, civic and  
social problems. It was an-  
nounced by Mrs. Leigh Watson,  
Teen Town senior adviser. The  
books have been donated by  
Blackburn College.

Between 25 and 30 youths  
took part in the balloting pro-  
cedure, believed to be the first  
contest of its kind by a young  
people's organization not affil-  
iated with a school.

The most outstanding quality  
attributed to Jeffries by the  
high-school-age youth is an  
ability to communicate with  
youngsters and relate to their  
pressures and problems. It was  
several times commented  
during a discussion preceding  
the balloting that "if more  
teachers were like Mr. Jeffries,  
students would have fewer dif-  
ficulties."

The honoree, who will receive  
the gift volume tonight from  
the Madison County Sup't. of Schools  
Wilbur R. L. Trimpe, is im-

Former Warrior Dan Hodge is one of those enrolling. A goal keeper, he played for GCHS and the Kutis junior team in St. Louis.

The three from St. Louis are John Schneider, back, a member of the Rosary high district runner-up squad; John Barton a forward, who played for the DuBourg high school and Our Lady of Sorrows senior teams; and Dennis Driscoll, a fullback, he graduated from McBride high and was on the St. Philip Neri national junior championship team.

In 1968, the SIU-SW soccer team posted a 10-0 regular season record. Ten of the 11 Cougar starters will be back for the 1969 season this fall.

## Two Girls' Victories Easy, Two Difficult

Schreiber's walloped Rozycki 21-2. Ashal finished Seebold Concrete 19-8. Ravanello's edged Jacobsmeier 11-10 and Moore Construction shaded Shady Lake 13-12 in high school girls' softball Wednesday at Wilson Park.

Schreiber's error not at all while Rozycki fumbled 13 times. Mary Uram was 3-4 and Elaine Willard 3-3.

Ashal, with homers by Connie Koester, Marie Taylor and Ruth Noeth, scored every inning. Candy Fuller homered twice in a row for Jacobsmeier but her team's fielding threw the game away.

Shady Lake slimly led all columns except "scoring." Pat Kalpis homered.

## Rose to Attempt 100 Miles on GCHS Track

Rick Rose, 2416 Madison avenue, will become the second Granite Cityan to attempt a 100-mile run in less than 24 hours, from Saturday noon through Sunday noon. The whole race will be run at the Granite City high school track.

Gus Schalkham made a similar attempt last week, covering about 70 miles.

There are several contrasts between the two runners. There was speculation on Schalkham (18) being too young for a quadruple marathon. Rose is only 17.

While Schalkham was cautious about the monotony of the running and used five different looping circuits around Granite City, Rose will stay on the school track the comments, "I love that track."

Rose plans a stricter pace, four to five miles an hour. Schalkham during the beginning 80 minutes covered 11.3 miles.

Schalkham's diet varied from gelatin and apricot nectar to a "snow cone," while Rose will ingest only Gatorade, sportsman's drink, along with several oranges and peaches.

Helping to pace Rose will be some of his race team mates: Mike Allen, Ken Eliff, Art Menendez, Gene Briggs and Len Fuchs. The nourishment will be guarded by Lela Brokaw.

## 6-0 Win By Legion Nine

Deacon Simpson of Legion Post 113 limited Fairmont City to two hits for a 6-0 win at Jones Park Wednesday, giving the local team a 5-4 record.

Granite City will host undefeated Collinsville at 6 p.m. Friday at Wilson Park and travel to Highland at 6 p.m. Monday.

In the third, Howard Bolton singled, Deacon Simpson sacrificed and Gary Simpson singled sharply to center.

Jerry Monahan gained base on an error in the fifth, James Becker singled, Ed Kains hit an RBI fly ball, Bob Wojtowicz doubled home a run, Bolton walked and the Deacon tripled, scoring two.

The final tally came in the seventh on Monahan's walk and Stein and Becker's single.

## Western Division Scoring Still Wild

Friederich's Heat & Air tripped Andria 13-3, Tom Bebbins outscored Cardinals 18-13 and Pieper passed up Tn's Left Overs 12-7 in Western division softball at Worthen Park Wednesday.

By the second inning, Friederich's led 12-2. Gary Gaines homered.

The Cardinals fought an even battle except for a 16-run Inn Between second frame. Of the winners' 18 hits, ten were for multiple bases. Ron Corey was 3-4 (3 doubles), Charles Moore 3-4 (doubles), Bob Rains 3-4, John Warben 3-4 (2 doubles), Ed Bane 4-5 (2 doubles) and Dean Johnson 3-4 (3 doubles).

Russ Borth 3-4, Carl Donaldson 2-3 and Dave Snellson led Pieper to victory.

## Credit Union Wins, Doubleheader Next

The GC Steel Credit Union fastpitch softball team stomped Art's Corner of Freeburg 10-1 in the Belleville League Tuesday at Belleville.

The three CU players named to the league all-star team starred. Bill Evans drove in six runs with three homers, Manager-player Bob Patrick batted home four with a single and double and Norm Grote singled and tripled.

George Sykes hit 3-3 with a triple in adding to CU's 12-hit total. Ray Hoffman hurled the win, giving up four hits.

### IRS Refiles \$4 Million Tax Lien Against Hodge

Former State Auditor Orville E. Hodge, Granite City, who was indicted in July 1966 for embezzling more than \$1 million in state funds, now has the federal government over \$4 million in back income taxes.

An income tax lien against Hodge, refilled March 26 in the Montgomery county recorder of deeds office at Springfield, Mo., listed that Hodge owes \$4,339,828.75 in income taxes, interest and penalties for the years 1963 through 1966. The original tax lien was filed by the IRS on Dec. 3, 1963.

In July 1966, the Granite City man, then considered a possible Republican gubernatorial candidate, pleaded guilty to stealing \$800,000 in state funds and was sentenced to a 12 to 15 year prison term. He subsequently fled to the Illinois State Penitentiary at Menard, and was paroled Jan. 31, 1967. The IRS then filed a new tax lien against Hodge that December which alleged his failure to pay enough income taxes the past four years.

The lien filed in March of this year, tax document, alleging that Hodge owes \$225,236.67 for 1963; \$1,170,640.00 for 1964; \$169,788.00 for 1965; and \$167,300 for 1966.

A spokesman at the East St. Louis IRS district office said yesterday that collection of back income taxes is governed by a six-year statute, which must be extended by agreement of the taxpayer or through court action.

According to the law, the lien must be refilled before the Dec. 3 six-year expiration date for it to remain on the IRS records. Although unable to state officially if any of the back taxes had been repaid since the original lien was filed, he noted that balances on the refilled tax lien must remain the same as on the original document, whether or not any funds have been repaid the IRS.

Hodge, whose address on the lien remains listed in the 3200 block of Carlson avenue, reportedly liquidated considerable holdings in various business interests in 1966 to pay back shortages in state funds which he was accused of embezzling. No record of the amount of earnings declared by Hodge during the four year period was available.

#### Browns Observe 50th Anniversary

Mr. and Mrs. E. G. Brown, 2224 Nameoki road, were honored by a golden wedding anniversary party this week, hosted by their daughter and son-in-law, Mr. and Mrs. Stephen J. Lopez, at their home, 25 Hampton drive, Glen Carbon. The Browns were married on July 2, 1919, in Washington, Ind. Mr. Brown retired in 1962 from the Gulf, Mobile & Ohio Railroad. Mrs. Brown is retired as librarian of the Venice public library.

Robert Brown, the couple's only son, was here with his wife and two of their three sons, Mark and Paul, for the occasion. They make their home in San Angelo, Tex. The anniversary celebration was moved ahead so that he and his family would be able to attend it as well as the wedding June 20 of Mr. and Mrs. Lopez's daughter, the new Mrs. Allen Stolze. The Robert Browns' other son, Danny S. Brown, was unable to attend, as he is completing initial training at Fort Bliss, Tex.

The newlyweds, Mr. and Mrs. Stolze, telephoned their congratulations to the celebrants from Dagnell Dam, Mo., where they are spending their honeymoon.

The Browns' other grandchildren are the Lopez children, Judy, at home, and Michael C. Lopez, chief warrant officer with the U. S. Army, stationed in Pleiku, Vietnam, where he serves as a helicopter pilot. He was previously employed at the Press-Record as a photographer.

Guests from out-of-town included Mr. Brown's brother and sister-in-law, Mr. and Mrs. Lester Brown, and their married son and his family, Mr. and Mrs. Louis Brown and daughter, Beverly, all of Terre Haute, Ind.; Mr. and Mrs. Otis Renner, Mr. Brown's brother-in-law and sister, Wheatland, Ind., accompanied by their son-in-law and daughter, Mr. and Mrs. Jim Biddle and son, Freddie.

Also attending were Mr. and Mrs. John Soto, St. Louis, Mr. and Mrs. Leonard Schaffner, Troy, Ill., and the Browns' minister, Rev. James Craddock. Mrs. Lopez had planned a lawn barbecue. Due to stormy weather the party was moved indoors.

The home was decorated with white wedding bells and white wedding streamers. Assisting the hostess were Mrs. Mary Soto, Mrs. Ruth Schaffner and Mrs. Kathryn Fellers.

A tiered wedding cake was presented to the Browns and they took part in a traditional cake-cutting ceremony.

Many gifts were given to the couple. As Mrs. Brown opened each package, Mrs. Fellers included the ribbon in a golden anniversary bouquet which was given to the honorees. Guests, who numbered over 100, signed a guest book, presided over by the couple's daughter-in-law, Mrs. Betty Brown.

Plans were announced for a Teen Night to be held at the pool on Aug. 9, using a theme of "Laugh-In." Entertainment will be provided by the "Messburg Shootings."

The next meeting will be July 8 at the hospital library.

## The Blues, Classics at River Festival

Living up to advance notices that music lovers of all age levels and the most diversified tastes will find enjoyment at the Mississippi River Festival, the music series promoters offer the Dixieland-blues sound of the Butterfield Blues Band at 8:30 tonight and performances this weekend by the St. Louis Symphony Orchestra, featuring renowned cellist, Leonard Rose.

Then, on Monday evening, the King Family will swarm over the Festival stage, starting the brothers, nephews, sisters, nieces, aunts, uncles, husbands and wives who make up the widely-known performing group which stars in its own television show.

Performance time for tonight, Friday, Saturday and Monday shows is 8:30 p.m. and 7:30 p.m. on Sunday. Tickets for reserved seating in the Festival

tent, capacity 1855, are available at prices ranging from \$5.50 for boxes to \$2.50. In addition there is seating for 10,000 on the lawn area at \$1.50.

## Coupon Books

Coupon books, containing 525 worth of tickets for \$20, still may be purchased at local banks, with coupons then exchanged for seating accommodations. Individual tickets may be obtained at St. Louis department stores; St. Louis Symphony office, 718 North Grand Blvd.; St. Louis; Sears, Roebuck & Co.; or SIU-SW.

The Butterfield sound, the norm one measures against in judging good blues, is sort of half past Dixieland, may be quarter way to the twilight zone, according to one New York music critic. "I am interested in any kind of music I can feel," Paul Butterfield

said recently after an exhausting first set of a two-show gig at the Fillmore East in New York.

"You can call it blues if you want to; actually, my music is whatever it develops into. I'm not trying to force it."

It has been five years and four albums since the first group was put together under the Butterfield name. "I am a businessman," Butterfield said. "I am a musician. No matter what I'm still going to be me."

Tremendous box office success does not appear to have spoiled the energetic group, despite the constant lack of sleep or any of the other disadvantages of maintaining a gruelling succession of live dates and recording sessions.

Good, Fantastic, Beyond

"No matter when you hear them, they are a Butterfield confidant noted. "Depending on what kind of night it is, they go from good on up to fantastic and beyond."

The eight man Butterfield group which plays heavily rhythmic Chicago-style blues as well as occasional forays into jazz, includes two young St. Louisans, drummer Phil Wilson, saxophonist Dave Sanborn and the most outstanding recent addition, 20-year-old lead guitarist, Dizzy Feiten.

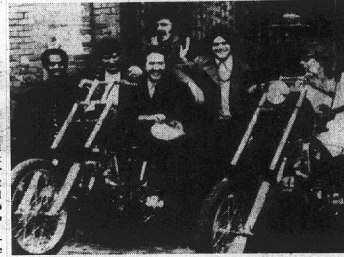

Cellist Leonard Rose will be guest artist with the St. Louis Symphony Orchestra tomorrow, Saturday and Sunday at the River Festival on the SIU-SW campus.

Under the baton of Walter Susskind, the Symphony will play at its Friday and Saturday evening concerts the works of Glinka, Holst and Sibelius. Rose, who plays a rare Amati cello, dated 1662, will do Dvorak's Concerto in B Minor.

## Sunday's Program

The Sunday evening program, beginning at 7:30 p.m., will include a concerto written for cello by Saint-Saens and works of Thomas, Debussy, Dukas, Massenet and Ravel.

Born in Washington, D. C., Rose grew up in Florida. A student of Felix Salmond while attending the Curtis Institute of Music in Philadelphia, he was

BUTTERFIELD BLUES BAND  
Tonight at River Festival

engaged in 1938 to play in Toscanini's NBC Symphony, and after only three weeks was appointed assistant first cellist. In 1944, he became first cellist with the New York Philharmonic, and his last appearance as a member of that ensemble was at the Edinburgh Festival in 1951.

Since leaving the ranks of orchestral musician, Rose has become one of the most sought-after and lavishly-praised virtuosos in the world today. He has been described as playing "with stirring romantic passion, splendor of tone and technical mastery." Another critic called him "one of this country's and the world's best cellists."

Rose made his first visit to Israel in 1961 to play in that country's first International Chamber Music Festival. He has played throughout Europe, making his debut there in 1968 and has been co-director with Glenn Gould and Oscar Shumsky of the Musical Festival at Stratford, Ontario, Canada.

His solo performances have been interspersed with chamber music engagements with violinist Isaac Stern and pianist Eugene Istomin. The S-I-R Trio has received critics' plaudits throughout the United States.

## Weekend Programs

Complete programs for the series of three weekend concerts are as follows:

## Madison to Fight Water Rate Hike Sought by Utility

The city of Madison will protest a 40% water rate increase proposed by the East St. Louis & Interurban Water Co., Mayor Stephen Maera said today at a city council meeting Tuesday night.

The utility is seeking permission for the rate hike from the Illinois Commerce Commission which is to set a public hearing on the proposal.

"We must protest in behalf of our people," the mayor said, "and make the water company show the increase requested is warranted." The protest will be made at the time of the ICC hearing.

Mayor Maera reported meeting with 163 other mayors from around the state at Springfield last Thursday to "beg" the State House and Senate for necessary funds to operate their communities and schools.

## \$135 Million Fund

"The state is kicking out (of its proposed budget) \$135 million for city and villages, and we asked them to put it back," he said.

The mayor, also representing the Southwestern Illinois Conference of Mayors as a member of its legislative committee, commented that "we are going to get a state income tax. There is no way out of it."

"Sometimes I think we're treated like stepchildren," he complained. "They force us to make expenditures without giving us the proper means."

"State legislators are way out of touch with home owners and taxpayers, and if it wasn't for people like us, they wouldn't be elected." He excluded local area legislators from the general comment.

## Police, Fire Bills

He reported that police and fire protection bills have been passed, increasing maximum tax from 10 to 15 cents for those cities which have approved a referendum for the increase. He said the bills are awaiting the signature of Gov. Ogilvie.

The council accepted the resignation of Harold T. Fisk as a member of the playground and recreation board. He served on the board five years and recently was appointed director of Civil Defense.

A contribution of \$300 from the Associated Retailers & Civic Association to help improve the city's business district and promote good will was accepted by the council.

The purchasing committee was authorized to advertise for bids for new radio equipment for the police department and other government units. The mayor said the old equipment has become crystallized.

## Ill. State Lifts Ban On Social Fraternities

After 112 years, Illinois State University, Normal, has lifted its ban on establishment of social fraternities and sororities.

But, in doing so, President Samuel E. Braden has made it clear that the university will neither encourage nor discourage students from forming or joining such organizations, nor will it accord fraternities or sororities any status which would involve or suggest approval, regulation or support.

The action followed recommendations by the Student Senate and the University Faculty Council that Illinois State adopt a policy of neutrality toward social fraternities and sororities.

Previously, the university catalog carried a statement which read, in part, that ISU, "without these organizations, can better achieve its main purpose and that students can participate more effectively in the life of the whole university."

A faculty-student committee, which extensively studied the question during the past year, examined in detail the traditional objections to the fraternity-sorority question, including elitism, hazing, discipline, and financial commitment.

In recognizing the difficulties that can arise in those areas, the committee said it did not believe that the potential disadvantages are great enough to warrant "abridging the rights and freedoms of students" as presented in the Code of Student Life.

## Arrangements Completed For Candy Striper Trip

Presentation of a check to provide bus transportation for 24 Candy Stripers from St. Elizabeth Hospital to spend a weekend in the Ozarks was made last week in the office of Mayor Partney.

Ed Moore, president of the Kiwanis Club, said the club's assistance is made possible through proceeds from the annual boat races it sponsors each year. This year's races on the Mississippi River at the Hartford canal will again be co-sponsored with the Bow Line Boat Club on July 27.

Mrs. Louise Sedlack, volunteer director at the hospital, said arrangements for the trip were made by Mayor Partney, who contacted the Kiwanis and also Peter Markuly of Markuly Plumbing & Heating Co. in Madison. Mr. and Mrs. Markuly arranged for the accommodations at Kapilana Resort at Osage Beach, Mo.

"This is the first recognition of this type for the Candy Stripers, and those to make the trip earned the weekend in the Ozarks through the point system," Mrs. Sedlack explained. The Candy Stripers, who are to leave at 4 p.m. Friday from the Tri-Cor building are Charles Jackson, Dennis Morgan, Mike Ridge, Marian Sullivan, Mary Nagel, Nancy Calvin, Sandy Hoffstot, Rita Black, Connie Edwards, Phyllis Morris, Dara Ross, Peggy Schmitz, Alma Casey, Janet Moore, Annette Griffin, Paulette Howard, Tricia Kinworthy, Brenda McClelland, Linda Todoroff, Mary

## Teaching Machine Used In SIU-SW Logic Course

Ronald J. Glossop, associate professor of philosophy at Southern Illinois University-Southwestern campus, has just completed a program for teaching Aristotelian logic with a teaching machine.

"It is designed to serve as an individual tutor to help students having difficulty with the subject," Glossop said.

"Aristotelian logic," he explained, "is traditional logic as opposed to modern symbolic logic. Several programmed books are coming out which deal with the latter type of logic."

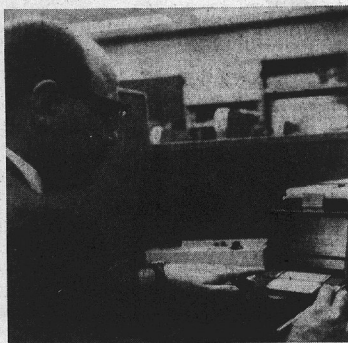

The professor started his special programming five years ago and is now testing to see if it needs modification. "The Mast Teaching Machine which we are using," he said, "is relatively inexpensive. It costs about \$275; some machines run into thousands of dollars."

"One student was failing logic," he said, "and I used the machine and wound up with a 'C.'" Glossop said in enumerating some of the advantages of the new program. "Another wanted to take a proficiency test without taking logic because the method used on the machine is independent of the lectures; this student was able to use the machine to help get ready for the test."

Students who miss a lecture are helped by the machine, Glossop pointed out. Another had a language problem because his family spoke Spanish. He flunked logic twice but passed the course after using the teaching machine, getting 13 out of 15 questions right on the test covering the program.

Individual differences in the rate at which persons cover the material is wide, Glossop said. "Some do 50 frames an hour—some as many as 300 an hour."

Each question and answer constitute one frame. Two hun-

## National Rock Group to Play At 'Y' July 14

The Rotary Connection, nationally-known rock group which has appeared on "The Tonight Show," will be featured at the YMCA Teen Town dance on July 14, according to Chuck Hasse, "Y" youth director.

It will be the biggest "name" band to appear at the "Y," Hasse said. "The success of the One Eyed Jacks dance has prompted the youth staff to go one step further to give the area teenagers something different," he added.

The group has appeared numerous times at Kiel Auditorium in St. Louis, the Fillmore East in New York and the Fillmore West in San Francisco. It will appear on the "Scene 70" television program from 6 to 7 p.m. Sunday on Channel 11.

Four albums by the group are on the market, and the latest single recording is "The Weight."

The dance will be held in the gym to accommodate the large anticipated crowd. Tickets are on sale at the youth office at the "Y" at \$2 for members and \$2.25 for non-members, with admission at the door to be \$2.75.

Mrs. Robert Odom, 2423 Madison avenue, reported at 1:45 p.m. Monday that while she was using the telephone at the Bellemore laundry, a youth pushed her against the wall, took her purse and ran out the rear door. The purse contained \$45 in currency, about \$3 in change, credit cards and personal papers. The youth was described as being 16 or 17 years old and wearing a green striped shirt.

### Fire Plugs Installed

Installation of four fire hydrants by East St. Louis & Interurban Water Co. has been completed, the Granite City council was advised Monday night. The new hydrants are at 3000 Dale avenue, 2340 Delta avenue, 2809 Birch avenue and at Cardinal court and Cardinal avenue.

### Theft from Truck

Two men were seen stealing from a truck owned by William E. Turnbough & Sons, Mill Spring, Mo., Monday in the truck yard at 22nd street and the railroad tracks. Four chains and three boomers were missing.

### Tandy O. Wyatt, 70, Dies Monday Night

Tandy O. Wyatt, 70, of 3672 Nameoki road, a 39-year resident of Granite City, died at 4:08 a.m. Tuesday at St. Elizabeth Hospital. Stricken at home on Monday night with an apparent heart attack, he was taken to the hospital about 10 p.m. An autopsy will be performed to determine the cause of death.

Mrs. Wyatt was born near Hopkinsville, Ky., and during his residence here, was employed at Granite City Steel Co. as a pit leader. He retired in 1965.

Surviving are his wife, Helen; a son, Kenneth Wyatt of Granite City; one brother, Euel Wyatt of Elton, Ky.; two sisters, Mrs. Dill (Jeanie) McCain and Miss Monica Wyatt both of Hopkinsville, Ky.; and five grandchildren.

Funeral arrangements are given in today's obituary column.

### City May Widen One Block of 27th Street

A proposal to widen 27th street between State street and Grand avenue was given council approval Monday night, provided arrangements can be made with park district officials.

The widening could be carried out for \$3000 when the storm sewer contractor replaces curbing removed from the north side of the one block stretch. No curb removal was necessary between Grand and Madison avenues, and the offer does not extend into that block.

Right-of-way north of the 27th street pavement between Madison avenue and State street is owned by the park district. The storm sewer project engineer, Mervin Grant, was instructed to make the arrangements with the park district.

The street would be widened six feet. Mayor Parney and several council members indicated interest in extending the widening project between Grand

and Madison avenues, pointing out the urgent need for a wider pavement at the busy intersection. However, the matter was not taken up by the council.

Engineer Grant of the H. W. Lochner Co. was asked to inspect Nameoki road at Victory drive where the storm sewer was placed under the roadway to determine if the replaced surface can be improved.

Contract Approved

Approval was given a one-year contract with the firm of Research Planning & Design Associates to continue as consulting engineer firm for the city with a retainer fee of \$4800 a year.

Rates for added work will be \$15.25 an hour for an engineer or architect, \$11 an hour for an inspector or draftsman. Cost of a survey party of three men will be \$20 an hour. Opposed to the contract were Aldermen Nönn, Basarich, Jarrett and Boker.

Telegrams are to be sent to local area state representatives urging them to support pending legislation that would require railroads to clear a crossing in 10 minutes. The motion was made by Nönn, who said the law would be beneficial to this area.

### Gasoline Bids

Two bids for gasoline were opened and the contract for the current year was awarded to Gulf Oil Co. The firm bid 13.5 cents a gallon for regular gas, 14.9 for premium gas, 13.4 a gallon for kerosene, 13.2 cents a gallon for fuel oil No. 1 and 12.2 cents for fuel oil No. 2.

The only other bid was from Federal Oil Co., Madison—14.9 cents and 17.94 cents for gasoline, 15.19 cents for kerosene and 14.19 and 13.43 for the fuel oil.

City Atty. Scroggins was instructed to prepare complaints and summons for property owners in the North Granite and Belvidere areas who ignored notices by the city inspection department for weed cutting. The notices were notified early last week.

### Board Takes Action on Two Zoning Requests

A request for a special use permit was approved and another was referred back to the zoning board of appeals by the Madison county board of supervisors Monday.

Approved was the petition of E. C. Barnhart to erect one office on each of four lots in an R-3 one-family residence district in Nameoki township with stipulations that the development of the offices on the remaining three lots be compatible with the proposed office structure on lot No. 1.

All office structures constructed on the lots shall be of the nature of a single-family residence in appearance from the street and parking facilities be provided at the rear of the buildings.

Referred back to the zoning board was the petition of LeVerne Childress to operate a beauty shop in her home in Chouteau township. The zoning board had recommended denial of the request.

### Stolen Truck Found

A 1960 half-ton pickup truck stolen from Charles Jones, 2320 Hodges avenue, while it was parked in front of his home after 10 p.m. Monday, was recovered by the owner at East 24th street and Nameoki road.

### One Radar Arrest

James C. Thomas, St. Louis, was issued a speeding ticket at 4:30 p.m. Monday in the 2400 block of Missouri avenue where police operated a radar unit.

### Man Loses Wallet

Robert Snyder, 2823 Denver street, reported at 3:40 p.m. Monday that he lost his brown wallet containing pictures and his driver's permit.

### GC Council To Fight Water Co. Rate Hike

Strong opposition to the proposed 47% rate increase by East St. Louis & Interurban Water Co. was voiced during Monday night's Granite City council session.

On a motion by Alderman Nönn, the council instructed City Atty. Scroggins to file a protest with the Illinois Commerce Commission for Granite City and to join with any other cities filing objections.

Nönn also called for the attorney to determine if Madison and Venice would be willing to join with Granite City in considering purchase of the water company, provided a grant of federal funds can be obtained.

Announcement of the water company's application for the 47% boost in water rates was made Monday.

"They've got a lot of crust," Nönn remarked.

"They're trying to shove this off on the little guy and protect big industry. We should fight

### Leaves Alley, Struck

The right side of an auto driven by William Taylor, 2211 Bryan avenue, who pulled out of an alley onto 18th street between Madison and Grand avenues Monday, was struck by a car driven by Johnnie Williams, 1309 Edwardsville road. Taylor was charged with failure to yield the right-of-way.

### Woman Fined, Jailed

Bertha Maykotte, 46, of 1427 Washington avenue, was arrested at her home at 6:10 p.m. Monday on charges of breach of the peace and peace disturbance. She pleaded guilty and was fined \$30. She was taken to the Madison county jail in lieu of payment of the fine.

this and join with any other city that will object."

Whitmer pointed out the city made a feasibility study several years ago and decided not to try to buy the utility. "Look at St. Louis. They have a city-owned water department and are seeking a rate boost. Just because a water company is owned by a city doesn't mean the rates will go down, Whitmer said.

## Briggs' Right to Meeting Fee Challenged

Controversy over whether Nameoki Township Supervisor Harry Briggs legally is entitled to a \$25 fee for attending town board meetings and whether the supervisor should refund meeting fees he received in the past at the rate of \$10 per meeting has developed as the result of a legal opinion given by the Nameoki town board by Township Attorney William Schooley.

While the opinion, requested by the newly elected members of the town board shortly after they took office, was given the board nearly a month ago, the issue was not pressed until the regular town board meeting Monday night when Town Auditor Robert Beedle asked Briggs if, as a result of the legal opinion, the supervisor plans to pay back the \$250 in "audit fees" he received for attending town meetings.

Briggs replied that he would discuss the matter with an attorney and would give the board his final answer. After the town session, however, he said he discussed the matter with Schooley and that "Schooley told me he will ask for an attorney-general's opinion to settle the matter."

Briggs said the statutes are vague on the issue and could be interpreted in different ways.

Refuses Fee Payments

Meanwhile, Briggs said, he has refused to accept any meeting fees until the question is resolved. Prior to April 1, when the new town board members were elected, board members received \$10 per meeting, but electors raised the fee to \$25 during the annual town meeting, also held on April 1.

Briggs is the only holdover member of the old town board. His term of office was not open to election this year.

After the three newly elected town auditors, Robert Beedle, Douglas Teeter and Kenneth Gieson, and newly elected Town Clerk Louis Whitsell took office in late April, they challenged Briggs' right to accept the "audit fee" for attending meetings on grounds that Briggs receives an annual salary and an annual salary as supervisor of general assistance.

Appropriations for both salaries in this year's budget total \$8350, with \$1450 set up as the township supervisor salary and \$6900 appropriated for salary as supervisor of general assistance. The township supervisor salary is provided as a per diem fee at the rate of \$5.50 per day for five days per week up to the maximum amount of the appropriation which, in this case, is \$1450.

Requested Legal Ruling

The town board members asked Schooley for a legal opinion on the matter and in the board's regular meeting May 12 Schooley said he interpreted the statutes to mean that so long as the supervisor and the town clerk receive a regular salary fixed by the electors, they are not entitled to fees for attending town meetings.

Whitsell, as town clerk, receives a salary of \$2500 per year and does not collect the meeting fee. The three town board members receive the \$25 fee for each meeting they attend.

Beedle's reference to Briggs' repayment of any fees apparently was to \$10 meeting fees received by Briggs prior to April 1 since he has not accepted payment of fees since the new board took over.

Karlachik on Salary

Whitsell remarked that if Briggs repaid any of the fees, he felt that "John Karlachik also should do so." Karlachik is

a former Nameoki town clerk who was defeated by Whitsell in the April election, but Briggs said later that Karlachik had been on a flat salary for at least three years and had not collected meeting fees during that time.

Whitsell reported during Monday's meeting that both the road and bridge fund and the town fund are exhausted and that if outstanding accounts were paid the road and bridge fund would be \$3500 in the red and the town fund would have a deficit of \$3722. There is a balance of \$11,722 in the special hard road fund, but this money is not transferable to other accounts except by a vote of electors in an annual town meeting, according to Whitsell.

On a motion by Whitsell, the board voted to purchase five spray machines from Moore Research Co. for \$180. While the machines are used and were taken in on trade, it would cost the township \$200 to repair a pump on the township's present spray machine, the board was told.

The board also announced that it plans to hold up salary payments due appointed officers until regular reports are submitted to the board.

Must Replace Furnace

Briggs informed the board that the furnace in the town hall should be replaced. The board voted to send requests for work proposals to several furnace companies. Plans also were discussed for setting up an inventory system for all township equipment after Whitsell said that there are several items such as filing cabinets and typewriters that are not in the office and cannot be located.

## Steelabrade President

## David N. Jones to Leave 16-Year Post at Nesco

David N. Jones, plant manager of Nesco Steel Barrel Co. since the firm was founded in 1956, will leave the post effective next Tuesday to devote full time as president of Steelabrade Corp., a steel-sheet processing plant located at 1600 Cleveland avenue.

Jones and Charles D. Mill, vice-president of production at Hubbell Metals, Inc., were incorporators of Steelabrade Corp. which began operations in December 1967. It is the only firm of its kind in the Illinois-Missouri metropolitan area equipped to serve steel users by removing scale from hot rolled steel sheets.

Jones joined the old Nesco, Inc. firm in 1953 as liaison tool engineer and was plant superintendent when Nesco, Inc., was liquidated in 1956. At that time Jones was assigned the job of separating the barrel department of the company and

establishing the subsequently successful operations of Nesco Steel Barrel Co.

He also has served as operational director of the Granite City Industrial Center and president of Granite City Industrial Corporation. Jones, along with Joseph Kaplan of Philadelphia and Morris Realty Co. of Granite City developed the plant facilities of the old Nesco firm into an industrial complex which is now operated by eight operating companies.

Jones said he expects to devote all of his time to operation of the Steelabrade firm which has been highly successful during the nearly two years of its operation.

## Flying Service Operations Told To GC Rotarians

Operations of a flying service were outlined for 48 Granite City Rotarians by Rolfan Seibert, a pilot for the WLS Flying Service, Litchfield, during the club's luncheon meeting Tuesday at the YMCA.

The pilot-speaker explained aerial applications of insecticides and herbicides in dusting and spraying crops. Seibert, who has been flying for the company for four years, said he personally sprays 25,000 acres a year. He said the company is now branching into herbicides and seedling for such crops as alfalfa, wheat and corn. The pilot, he explained, can reach areas that are generally wet or under water and use the herbicides to kill the weeds, when it is impossible for a farmer to use his equipment.

Seibert told how pilots are required to fly, especially low when using a liquid and that there is the danger of power

wires. Planes are now equipped with clippers on the wings in the event the pilot cannot bring the plane above the wires. The wires are clipped to prevent an accident.

Warren Deffur, president, presided at his final meeting of this year, as the installation of new officers will take place on Saturday night at the Sunset Hill Holiday Inn. Carl Mathias, area manager for Illinois Power Co., is president-elect.

Herbert Schermer announced the club has reached fourth place in the District for the month of May, for attendance. The local club had 92% attendance, competing with 48 clubs in the District.

During the meeting, Edw. E. Meng gave a report on the recent Rotary district meeting in Springfield.

Dr. Stanley Maer will have the program for the next meeting and announced William Robinson will be the featured speaker. He is the director of Registration for Education for the state of Illinois and his topic will be, "Participation."

## 333 Trucks Hauling Refuse in This County

(First of a series)

The Southwestern Illinois Metropolitan Area Planning Commission, by state statute, has the overall responsibility of planning for the area of Madison, St. Clair and Monroe counties.

These counties are considered part of the metropolitan area surrounding the city of St. Louis and are subject to the many problems confronting such metropolitan areas throughout the U. S.

One of the problems causing concern in the more heavily developed portions of the three-county area is the matter of refuse collection and disposal.

As a consequence of this concern, SIMAPC applied for and received a Solid Waste Study and Investigation Grant from the Office of Solid Wastes, U. S. Public Health Service, Department of Health, Education and Welfare, to partly finance a study of disposal of solid wastes.

A report by Horner & Shiffrin, Inc., consulting engineers, summarizes the investigations and conclusions resulting from the study.

**940,000 Population Foreseen**  
From 1950 to 1960, according to the Bureau of Census, the area increased in population from 401,864 to 503,406, or 25%. Current estimates (1968) indicate a population of 574,106, a further increase of 14% in eight years.

The present rate of residential development indicates a continuing increase, possibly at an accelerated rate in the future. The year 1990 has been selected as the limit to which future population can be estimated with reasonable accuracy.

Population increase factors include the relative economic levels of the residential areas, types and intensities of commercial and industrial developments, and proximity to contiguous areas offering employment. Predictions, therefore, require study of land use plans and all other relevant data.

Data used was obtained from the Census Bureau, SIMAPC, Madison County Planning and

Zoning Department and East-West Gateway Coordinating Council. Field reconnaissance and aerial photos were used to assist in the projections.

Figures for 1960, 1968, 1972 and 1980, respectively, are: total study area, 900,406, 974,106, 1,000,000 and 1,000,000; Madison county, 225,600, 270,600, 285,400 and 407,600; St. Clair county, 262,500, 283,100, 303,700 and 396,400; Monroe county, 15,507, 20,400, 23,400 and 36,800.

**Disposal Sites Regulated**  
Rules and regulations for establishment and operation of refuse disposal sites, dated March 22, 1968, have been prepared by the Division of Sanitary Engineering of the Illinois Department of Public Health in accordance with the Illinois Refuse Disposal Law.

These rules provide for registration of all refuse disposal sites and facilities and for operational controls.

Open dumping and open burning are expressly prohibited. Also having at least an indirect effect on disposal of solid wastes are the March 26, 1965, air pollution control rules of the Illinois Air Pollution Control Board. They cover emissions from refuse incinerators and, in certain areas, backyard burning of refuse.

Other Illinois laws relate to feeding garbage to swine and to restrictions on the dumping of out-of-state refuse.

**County Vehicle Licensing**  
There are no state controls on the types of equipment used to haul refuse, although counties are authorized by statute to license and inspect such vehicles.

Both Madison county (June 1967) and St. Clair county (August 1968) have enacted ordinances for the control of refuse collection vehicles and disposal sites. Monroe county has not. Both counties have essentially the same technical provisions as in the state rules. In addition, they provide for issuance of permits for refuse collection vehicles and require them to have closed, leakproof bodies.

Up to December 1968, mechanisms for issuance of collection

vehicle permits had not become fully operative and complete lists of haulers were not included in the report.

**Inspection of Landfills**  
State inspections of refuse disposal sites in the three-county area were initiated in 1967. Up to that time, disposal methods consisted of open dumping, open burning and, in a few cases, some form of landfill.

No disposal sites are known to have been operated in strict accordance with current sanitary landfill regulations up to the time of initiation of state inspections.

State inspections and, in the case of Madison county, county inspections have been effective in improving disposal site operations.

Essentially, all the sites presently are operated as landfills, with four operated in substantial compliance with the regulations. Degree of compliance varies widely among the remainder of the disposal sites.

Illinois' regulation providing that out-of-state trucks may not dump refuse in Illinois except at state-approved sites has been a useful tool in securing compliance with state operations rules.

In several cases, landfills operated in violation of the state rules were closed to Missouri-based trucks until their operational deficiencies were corrected.

There is a definite trend toward more stringent enforcement of existing laws and ordinances. This trend, presuming adequate assignment of inspection personnel, will result in continued improvement in sanitary

landfill operation. The Madison County Refuse Disposal Ordinance provides that each vehicle hauling garbage, except those operated by incorporated communities hauling refuse to their own disposal sites, shall be required to have a permit and a certificate of inspection.

As of November 1968, 227 trucks had been inspected and registered in this county. Of these, 110 were based in Illinois and 117 in Missouri.

It is estimated that an additional 70 Missouri-based trucks and about 30 from Illinois remain to be inspected and licensed (omitting municipal trucks not required to be licensed). Ownership of the vehicles is varied, some operators having only one vehicle and others having sizable fleets.

Of the 25 incorporated communities in Madison county, 17 provide municipal refuse collection service, either with their own equipment or by contract with private haulers. Of these, only six have city-owned trucks.

The remaining eight communities have no organized arrangement for refuse collection, and individual property owners make their own arrangements for refuse collection with private haulers.

Residents of 14 of the 25 communities pay monthly charges for refuse collection. Eleven communities levy a tax to meet the collection cost.

Those living in unincorporated portions of Madison county either have individual arrangements with private haulers or dispose of their refuse by themselves.

## Army Depot Employees Assured July 1 Raises

More than 800 employees of the Granite City Army Depot are assured pay raises, effective July 1, as a result of action by President Nixon in signing the executive order providing the long-awaited increases.

In addition, Army Depot federal employees have the prospect of two more pay raises in the next 18 months if recommendations by the President to bring government pay into levels comparable with those of private business are followed by Congress.

President Nixon has asked Congress to reduce the next pay lag period to six months by allowing federal and postal payroll raises July 1, 1970, and again on Jan. 1, 1971, with raises to follow regularly each January thereafter.

The executive order signed by the President insuring the July 1 increases this year covers approximately 2.5 million federal classified workers and more than 3 million military personnel. Federal employees at the Army Depot will receive pay raises averaging 9.3%, it was reported.

## House Approves March Date For State Primaries

An Illinois Senate bill that would have restored the date of the state's primary elections to the second Tuesday of April was amended by the House at Springfield Monday afternoon to set the primary on the third Tuesday of March. The bill was approved as amended and sent back to the Senate.

Since the elections of 1968 Illinois primaries have been held on the second Tuesday of June under a legislative measure approved by the General Assembly in a move designed to shorten the length of primary election campaigns. Those who supported the change to the June date four years ago conceded, however, that the move failed to accomplish its purpose.

Some House members objected to both the April and March dates because of the possibility of inclement weather during that season of the year, but sponsors of the March date argued that with the legislature in session during the primary campaign while a primary campaign was under way.

Sen. Edward McBroom (R-Kankakee) Senate sponsor of the original bill to restore the April primary date, said he believed the Senate would accept the House proposal for a primary on the third Tuesday in March.

## IPC to Install 4 New Gas Turbines At Local Station

Illinois Power Co.'s sub-station at Stallings will obtain one of two peak-shaving gas turbine installations which the utility has purchased, Wendell J. Kelley, company president, announced today.

They are designed to improve the reliability and capacity of the firm's electrical system. Combined capacity of the units is 170,000 kilowatts, or about 12% of the company's existing generating capacity. Each installation is comprised of four separate gas turbines which will operate simultaneously.

One installation, made by Westinghouse and rated at 100,000 kilowatts, is to be in service at the Stallings substation by January. The other, rated at 70,000 kilowatts and made by General Electric, is to be in operation by next May at the firm's substation near LaSalle in the northern part of the territory served by the company.

Both units will use natural gas as fuel and can also burn oil. Both substations are large, bulk power installations.

The units will be in service between 200 and 700 hours a year, mostly in the summer and rarely at night. They will be used mostly when high air-conditioning loads combine with normal industrial, commercial and residential usage to create a period of peak demand.

IPS operates four major generating stations located at Wood River, Hennepin, Havana and near Janyville. A fifth plant under construction in southern Illinois at Baldwin, is on schedule.

The first Baldwin unit, rated at 600,000 kilowatts, is expected to be in service next summer. The second unit, also of 600,000 kilowatts capacity, is due to be operating early in 1973.

The company services electricity and natural gas in a 15,000 square-mile area of Illinois. It serves electricity to 440 communities and natural gas to 326.

## Eagles Auxiliary Chairmen Named

The Eagles Auxiliary of Aerie 1126 held a semi-monthly meeting Tuesday evening at the hall.

Mrs. Helen Frazier presided over the business session and the newly-elected president appointed chairmen to assist her for the coming year.

The treasurer, Mrs. Leona Delaioye, gave reports. Reports also were presented by Mrs. Norma Hemken, visiting chairman, and Mrs. Florida Batson on a Father's Day dinner held last week, with the quilting club in charge of preparations and the auxiliary serving.

Three of the members, Mrs. Frazier, Mrs. Helen Lipchik, junior past president, and Mrs. Marie Hall, gave a resume of the state convention they attended in Rockford.

Pro Tem conductor, Mrs. Dolores Klesh, escorted Mrs. Verna Hornyak, cancer fund chairman, and Mrs. Theresa Daigler, membership chairman, and they were presented with an honorable mention award and a membership quota trophy received at the convention.

Chairmen appointed were Mrs. Angie Buehler, chairman, and Mrs. Florida Batson, co-chairman for ways and means; Mrs. Hornyak, membership; Mrs. Daigler, cancer fund; Mrs. Dolores Sanders, hospitality and visiting chairman; Mrs. Hemken, auditing; Mrs. Batson, delinquency; Mrs. Lipchik, state president's charity (retarded children's home); and decorations, Mrs. Bernice Johannmeier, chairman, and Mrs. Hall, co-chairman.

The meeting was adjourned for a game period. Mrs. Daigler won a special prize and Mrs. Vina Shone a white elephant prize. Refreshments were served to 35 members by Mrs. Sanders, assisted by Mrs. Hall.

The next meeting will be July 8 at the hall.

## HORSESHOE LAKE PARK

NEEDED: SMITH PRAISED

To the Editor:

"To answer the misinformed gentleman who wrote in the June 18 Forum, we sincerely need Horseshoe Lake State Park in this area."

Not only is the park needed for recreation, but it would also clean up a massive eyesore. As for Rep. Ralph T. Smith, he is one of the best in the state. He did not become Speaker of the House through tenure; he became Speaker of the House due to being held in high esteem by his colleagues.

This is quite evident, sitting in the galleries of the House of Representatives, and is quite educational to anyone who would take the time.

A great many of us in the 50th district humbly agree with a representative of this caliber.

## SILENCE OF MODERATES

CAN LET BIGOTS PREVAIL

To the Editor:

We witnessed the debate at Madison High Wednesday, June 18. It was a sad scene and one that will probably be regretted. We recall reading a beautiful essay by John Gardner in Reader's Digest of about a year or two ago. This is the same John Gardner who served as Secretary of Health, Education and Welfare. In his essay, he pointed out that such trouble usually began when bigots started

mouthed their hatred and poison.

He went on to imply that riots are the fault of moderates in both races who know better, but are afraid to speak out against the "nut" elements for fear of being called an extremist of one kind or the other.

Politicians of Madison would do well to get Mr. Gardner's article and try to do some academic research on the subject. Most people do not hate anyone. There are, however, racists in both groups who secretly, sometimes openly, express their racism.

Whites who gather in their social haunts and foment hatred by blaming all Negroes for the acts of a few bigots are just as guilty as those few handfuls of Negroes who seek out whites just "to get even."

The answer lies with the great majority of Americans, black and white, working together, not separately.

When these people rise up against the bigots and hate promoters of both races, then we will stop this horrible racial hatred that damages our relations here and our image abroad.

## NO CONTRACT, NO WORK

To the Editor:

Teachers of Granite City are represented by a recognized bargaining agent, the American Federation of Teachers Local 743. Our board of education has negotiated with this organization of teachers in the past.

Now, this year, the board is not willing to negotiate in good faith. If a contract is not settled upon, the teachers will not report for work in the fall.

No union should be expected to ask its members to work without a guaranteed contract, and the teachers of this system have voted: No contract, no work.

## Modern 'Bullet' Train Leading to Kyoto, Ancient Capital of Japan, Contrasts Sharply With Its Centuries-Old Shrines, Temples and Palaces

By WILLIAM F. WINTER

Isn't everything in the Orient old and crumbling, obsolete and hopelessly inconvenient?

When riding a neat, cool, spacious, comfortable "bullet train" at 135 miles an hour through Japan—and finding it smooth enough to write a dozen postcards without scribbling—it isn't easy to think of that country as either ancient, which it is, or out-of-date, which it is not.

Of course, the Japanese are a bit old-fashioned about their trains in one respect. Why, they actually still encourage people to buy tickets and board their passenger cars, and to do so again and again, if they like the trip. We can only dimly recall when American railroads still had such a positive approach.

A contrast is provided between the ultra-modern train and the destination to which it whisked members of the International Conference of Weekly Newspaper Editors last month, Kyoto.

Fifth largest city of Japan, with 1,400,000 residents, it is first in historical and cultural significance.

Its 1600 Buddhist temples, 300 Shinto shrines, the former Imperial Palace and several royal residences trace Japanese history with relics that have been preserved for inspection by visitors and study by scholars.

Kyoto was first settled in the sixth century when a group of Chinese-Japanese families went to a dry river bed and basin to farm and weave silk. In 794 A.D., Emperor Kammu moved his court and

government from nearby Nara to Kyoto, then known as Heian-kyo.

With one short interruption, Kyoto remained the capital of Japan until 1868, when Tokyo was accorded that honor.

Kyoto as the first important city planned by Japan, Kammu designed a checkerboard street pattern which has endured for nearly 12 centuries.

It is so modern that visitors today find it easy to get around Kyoto, a statement that cannot be made about Tokyo—despite the fact that the larger city has been largely rebuilt due to earthquakes four decades ago and wartime bombing two decades ago.

It is in towns like Kyoto that the spirit of Japan reveals itself to the visitor in a hundred little ways—in the peaceful atmosphere of the tea ceremony, in the serene symmetry of the gardens, in the quietude of the streets.

The Rotarian magazine commented in connection with the 1968 Rotary International convention, "The R.I. meeting was held in Honolulu, and many delegates included Japan in their journey."

Kyoto is less than a hour's drive from Osaka, second largest city in Japan and the site of Expo '70, a mammoth world fair which is expected to attract huge numbers of tourists to the Far East next spring and summer.

Both Kyoto and the Expo '70 site, which is on the outskirts of Osaka, have largely escaped the severe air pollution that plagues business and industrial sections of Osaka.

For more than ten centuries

at Kyoto, the Imperial Court was stimulus for the development of religion, scholarship and the arts.

The Japanese literary language was created, Goshu (trained entertainers who begin their apprenticeship as young girls) became a tradition, the lively Kabuki drama was originated, landscape gardening became a popular among both rich and

poor, and the country's first elementary school was started.

A widespread belief at Kyoto is that "life can be best lived by a code of amiable manners amid scenes where beauty is worshipped." And there is much to be found in the

The touring group was impressed by such attractions as: Hall of 100 Buddhas, or Sanjusangendo Temple largest wood

on structure in the world, built in 1268. It has 500 gilt wooden statues on each side of an altar, centered by a large, solemn Buddha with 11 faces and 1000 arms.

The Golden Pavilion, three-tiered and gilded with gold leaf, surrounded by a peaceful reflecting pond.

The Heian Shrine, Kyoto's most colorful, with bright red pillars, white walls and green tiled roof. It is dedicated to Emperor Kammu.

Nijo Castle, built in 1603 by the first "shogun" (chief feudal warrior), Tokugawa Ieyasu. Highlights are its gardens and interior furnishings.

Old Imperial Palace, an 1855 replica of the original eighth century palace, a peace palace, surrounded by a 520-acre park.

Higashi Honganji Temple, a headquarters of Japan's largest Buddhist sect and one of the biggest temples in that country.

Kiyomizu Temple located on a mountain. It was built in the early 17th century and dedicated to Kannon, Goddess of Mercy.

And, at Osaka, the Osaka Castle, largest in Japan, built in the 16th century by Toyotomi Hideyoshi and later rebuilt and restored.

## Partisan Fights Only Part of Legislative Picture

While the headlines from the legislative scene tell of battles between members of the two political parties, frequently left by the public in all of this is the fact that a strong friendship develops between many members of the two political parties.

The headlines also tend to ignore the fact that in most things the two political parties work together and vote together—for in most of the problems which confront us there are neither Republican nor Democratic answers, neither liberal nor conservative answers, but practical answers to practical situations.

And the friendships which develop across party lines help to prevent divisions between parties from becoming so deep-seated that the practical answers are not possible.

Without this mutual respect, it would be impossible to conduct the day-to-day business of the legislature.

I recall that when I was a member of the House and my car broke down in Odell, a small town near Pontiac, I had to go to Springfield to speak at a banquet there. I immediately called a House colleague (now a member of the Senate), William Harris, who gave me the use of his car that day. Senator Harris and I do not belong to the same political party, but that made no difference.

Senator John Langin and I do not share political affiliations and differ strongly in the area of solving problems in the field of human relations—yet I respect him for the contributions he has made, particularly in the fiscal field.

Sometimes visitors come to Springfield and see two men battle it out on the floor of the House or Senate for an hour or two—and then see them out having dinner together that evening.

The visitors are shocked.

It does not mean that the debate was not genuine, nor the differences between the two men small.

It does mean that legislators—at least those who have been in office a few years—have matured enough to know that you should be able to disagree without being disagreeable.

And this is one of the reasons the ship of state does not ruin itself on the rocks of partisanship.

## County Gains 91% In Protested Tax Cases—\$12,815

Recent court hearings on protested tax cases have netted Madison county \$12,815, or 91% of the amounts protested, it was reported at a meeting of the Madison county board of supervisors Monday.

Hearings on tax protests for the years 1960-65 are set for today and for 1966-69 cases for July 21-22. Tax protests of \$1,257,826 are expected to be cleared this year, it was reported.

First notices on delinquent personal property taxes were mailed last week, it was reported, and non-payment will result in hearings in the small claims courts.

The county is attempting to collect a total of \$1,027,000 in back personal property taxes. A special office in the courthouse at Edwardsville has been formed by John Maestas, county treasurer, and R. W. Griffith, state's attorney, to collect the taxes.

### Detrimental Bills

Harry Briggs, Nameoki township supervisor and chairman of the legislation committee, reported that three bills are pending in the Illinois Senate which can be detrimental to the county.

One would make it mandatory to publish personal property delinquent tax lists at 20 cents a line.

Another would order counties to pay interest from invested protested tax funds to the various taxing bodies in the county. Such investments so far this year have netted \$13,625 which was placed in the county's general fund.

The other would raise juror

fees from \$5 to \$15, per day. Briggs said the county has spent \$46,900 for juries in the first six months of the year, and the bill would cause an additional cost of \$144,000. The fees are paid from the general fund.

Briggs said jurors deserve an increase, but there is no provision to allow counties to levy taxes to pay for it. An amendment was made providing that those asking for a jury trial pay a fee of \$50 in advance, but he does not expect it to be successful.

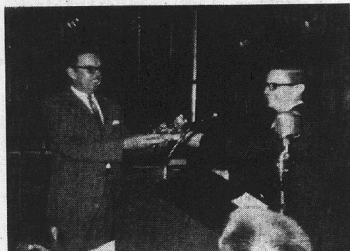

### Urges Defeat of Bills

The county clerk was asked to send telegrams to state legislators urging defeat of the bills.

A bill to allow townships to form their own police departments or to contract with other police departments for services, and providing for a tax levy, is pending, Briggs said.

The weighted vote bill for representation on county boards may be approved by the General Assembly, placing the responsibility to decide on its constitutionality in the hands of Gov. Ogilvie.

The jail committee now has about \$30,000 for the jail remodeling work, but previous bids have far exceeded that amount.

### Sent to Committee

A resolution signed by 22 of the board's 49 members calling for creation of a Public Building Commission was presented, but was referred back to the Building committee which already has the building commission plan under investigation. Nelson Hagnauer, Granite City supervisor, told the board that "anything that can work in St. Clair county work twice as well in our county."

A contract to remove a 25-foot smokestack at the county jail, which has been condemned as dangerous, was awarded to William Baier of Venice on a low bid of \$1685.

Wayne Bridgewater, Wood River, was seated by the board as assistant supervisor of Wood River township to succeed Howard Sparks who resigned to accept a post on the Board of Review.

## Council Oks Rulings By Board of Appeals

Three recommendations by the city's Zoning Board of Appeals regarding property lines were approved Monday night by Granite City council members.

Frank Costello, 2208 Washington avenue, was given permission to erect a home at 2614 Jerden avenue three feet from the property line instead of five feet, provided he has adequate drainage and does not go beyond the building lines of an existing house to be razed.

William F. Parks Jr., 2541 East 24th street, was given permission to erect a garage 1 1/2 feet instead of five feet from his property line; and Myrl Shotton, 3425 Killarney drive,

was given permission to erect a carport four feet instead of seven feet from his property line.

Referred to the City Plan Commission by the council were a petition of annexation and a request for a special use permit to operate a beauty shop in a home.

The annexation request for police and fire protection purposes was submitted by Harry L. and Frances Thomas, who reside adjacent to the city boundary line at Braden avenue and Norwood drive.

A request to operate a beauty shop at 2528 Madison avenue was presented by Mrs. Judy Broshow of 1521 Joy avenue.

## Jacobsmeier, Tony-Joe Squads Capture Close Softball Tilts

Tony & Joe's defeated Hook's 12-10. Jacobsmeier sneaked past the Quad-City A's 7-4 and Midtown Pharmacy walked away from Local Sixteen 15-6 in Claude "Junior" Poole 35 and Over League softball Monday at Wilson Park.

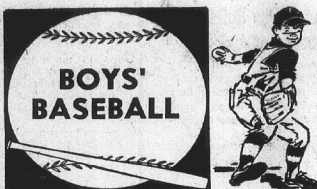

Tony & Joe's rallied for five runs in the sixth inning on Paul Thompson's single, with an error advancing him to third base, a sacrifice RBI by Nick Bogovich, Hoot Gibson's single, Gus Lignoul's double, Ed Hoff's walk, an error on a ball hit by Babe Amelung and Ron Homeyer's triple. Hook's Fred Cavins went 4-4, including a homerun.

The A's had the hitting edge 13-6, but lost due to Jacobsmeier's success in capitalizing on crucial errors. The A's Bob Garland homered.

The Local scored twice in the 2nd, 3rd and 7th innings. Midtown, with the help of 10 errors, tallied pairs in the 3rd, 4th, 5th and 6th and pushed across four runs in the final frame.

## Doubles Bowling Meet Will End Here Sunday

Current standings of area bowlers who are top-rated contenders in a Mixed Doubles Tournament presently under way at Bowland Lanes, 5050 Nameoki road, were announced this week by Max Legate, tournament director.

Individual bowlers numbering 566 are taking part in the contest, which will conclude promptly at 9 p.m. Sunday at the local lanes. No entries will be accepted after the 9 p.m. deadline, Legate said.

Cash awards totaling \$3000 are available to winners in a major division (\$350) and a special husband-and-wife category (\$350). Bowlers are permitted to bowl in partnership with different individuals, but couples may claim prize money for a single winning spot in each division. Legate reported. Major division tournament leaders in the first through 12th positions as of Tuesday were: Gertrude Davis and Bill Courtwright, 1373 (six-game total); first: Eula Teichert and Paul Stafford, 1242, second: Alice Meese and Gus Schoppman, 1331, third: Shirley and John Pacific, 1328, fourth: Dot Haggopian tripled and was sacrificed home by Joe Bodi; each of them had knocked home runs earlier in the game.

B & A out hit the Chicken's with the best stick work from John Ireland 3-3 and Ed Haggopian 3-3 with a double.

Mexican Honorary was trailing by six before the sixth inning, then in two frames scored enough to send the game into an extra inning, but St. Joseph won on two hits, a base leading walk and a sacrifice RBI.

## Eastern Division Nines Steamroller Way to League Wins

Keith's Lounge flattened the Raiders 9-1, Ralph & Charlie's nipped Diamond Plating 12-8 and the Has Beens smashed Jim Green Construction 14-5 in Eastern division softball Monday at Worthen Park.

A Raider finally rounded the bases in the final inning after Keith's had gradually amassed its winning score. Bill Birdy and John Robbers each homered.

John Summers homered his first two times at bat and was given walks the remainder of the game. With his teammates also in good form, Ralph & Charlie's outdid the Diamonds.

Though the hitting column showed the Has Beens with only a 14-12 edge, they hit when they should while their foes stranded base runners.

## Catons, Brandings And W&W Win

Catons powdered Tri-City Cue 3-0, Brandings axed B & E Lumber 7-4 and W & W Coincidence defeated Miles Lab 10-2, in Southern division softball at Worthen Park Tuesday.

In a low hitting game, Catons scored one run in each of the beginning three innings.

B & E Lumber was equal in the hitting column but Brandings ran in the runs. Barry Lloyd batted 3-3.

Errorless fielding and twice as many hits gave W & W a fast scoring lead. Top to the plate were: Don Kuchel 3-3, Mike Irie 3-3 and Harry Gates 3-4.

### Dear Jackie:

We were thinking of covering our kitchen floor and we were going to put tile on it. A neighbor of mine just got kitchen carpeting and it looks beautiful. I would much rather have the carpet but, just how hard is it to take care of?

Undecided,  
Granite City.

Dear Un,

That's a very good question and I'm glad you asked it! There are several things you will have to do when you get your kitchen carpeted. You will have to throw away your mop, scrub brushes and all the wax you've bought for that floor! Just vacuum it like the living room carpet and you're done! See how hard it is?

Dear Jackie,

What would cause a long dent in a carpet (the full length of the room) and how do you get it out?

Upset,  
Madison, Illinois.

Dear Up,

That sounds like it was done at the mill when it was made. It's probably just a roller mark. Just get several glasses of water and pour them on the dent. The water will shrink the jute backing and raise the carpet back up.

If you have floor covering problems write to, "Dear Jackie" C/O Atkins Floor Covering, 17 Meadowlark Ct., Granite City, Illinois. Phone 877-2608.

If you have problems finding 17 Meadowlark Ct. just follow this map!

## Mississippi River Festival to Feature King Family

The King Family and Janis Joplin will be the Mississippi River Festival attractions Monday and Tuesday at Southern Illinois University-Southwestern campus. Both musical revue-style shows will commence at 8:30 p.m.

A block of 575 tickets has been reserved for weeks by Teamsters Joint Council No. 13 of St. Louis for the Monday night appearance of the brothers, sisters, nieces, nephews, husbands and wives comprising the King Family, which has starred for several years on its own television show. Also buying a block of 100 tickets for this event was the Collinsville Chamber of Commerce.

On Tuesday, Janis Joplin and her rock band will entertain the festival audience.

Miss Joplin, from Port Arthur, Tex., probably is the most discussed figure in the current blues revival. She is a highly exciting performer, strutting and dancing across the stage as she loudly pours out and moans classical blues and modern soul numbers.

Janis Joplin recalls being a sensitive child. "I had a lot of hurt and confusions," she says. "You know, it's hard when you're a kid to be different." When she was 17, she ran away from home, dropping in and out of four colleges, working a little and "drawing unemployment" a lot.

Somewhere along the line, she began to sing as the Festival audience will discover Tuesday

night. Recently featured prominently in Newsweek Magazine, Joplin has been called the greatest white female blues singer and the first female superstar of rock music and blues.

Appearing on the same bill with the Janis Joplin Review is a Chicago group called Aorta. The group consists of Jim Donlinger, guitar; Jim Nyeboit, organ; Buddy Jones, bass guitar and lead vocal; and Tommy Donlinger, drums. They offer a hard-driving brand of rock, with jazz and blues accents.

They have a new recording out under the Columbia label.

Reserved seating under the Festival tent is sold out for Monday's King Family show, however, lawn seating for 10,000 is available at \$1.50 for adults and \$1 for children.

Limited reserved seating in the tent is still available for the Janis Joplin Review at \$4.50 and \$5.50, and lawn seating on the slopes of the natural amphitheatre in the immediate vicinity of the giant white tent will accommodate 10,000. Tickets are available at the gate.

## New Tom Boy Market being Built at Pontoon Beach

A lease agreement has been completed for operation of a Tom Boy Market in part of the Gaslight Walk area of Pontoon Beach just east of Pontoon road, it was reported today.

The market, which will be operated under ownership of Richard Johnson of St. Louis, will occupy the largest section of the shopping center structure of 15,000 square feet of floor space.

Identity of the grocery firm which will occupy the market section of the shopping center was announced by a spokesman of the James Green Construction Co., which is developing the shopping center, but name of a drug firm which is scheduled to occupy another major section of the center was not released pending completion of a lease agreement.

At the same time the construction firm announced work has started on installation of piling for the new Cinema theater to be built by Arthur Enterprises of St. Louis. The theater will be built a short distance to the east and to the south of the shopping center buildings now under construction.

Construction of the shopping center which will house the supermarket, drug store and a number of smaller stores and shops will involve an investment of approximately \$500,000, while cost of the Cinema theater will involve expenditure of like amount, the construction firm spokesman said.

A 50-foot roadway extending from Pontoon road easterly between the present Schermer Hardware store and the new shopping center will lead to a 60-car parking lot that will serve the shopping center during the day hours and the theater when it is in operation at night.

The new commercial area will be known as the Gaslight Walk Shopping Center. A skating rink, car wash and laundry already have been built in the area.

## Urban Seeks Election As Con-Con Delegate

Pat Urban, former Quad-City man and now a Saline town ship farmer and businessman, has announced his candidacy for nomination for election as delegate, to the constitutional convention from the 52nd senatorial district.

The primary election will be held Sept. 22. The district does not include the Quad-City area. Urban, 57, and his wife, Mildred, a native of Madison, reside on a farm near Grantville with two of their four children. He is a former president of the Collinsville Chamber of Commerce, Pleasant Grove board of education and the Collinsville Lions club and was a director of the Madison County Taxpayers Association. He once was a candidate for Congress.

If elected, Urban said he would carefully consider the views of every citizen and his program would be based on the word "caution."

MacZura, 21, recently completed an intensive 15-week course in flight engineering, graduating in the top ten percent of his class. Formerly, he held the rating of jet engine mechanic.

He returned to the U.S. at Christmas following a tour of duty with an anti-submarine patrol unit, stationed at Cam Ranh Bay, Vietnam. The crew of his Orion aircraft also made a good-will tour of Australia before embarking for home.

MacZura was graduated in 1965 from Granite City high school and attended Southern Illinois University-Southwestern campus prior to enlisting in October 1966.

Monday evening, the local family enjoyed a cookout celebration in observance of Mr. and Mrs. MacZura's 25th wedding anniversary.

## New Rules Ok'd For Inspectors

New ground rules for the city inspectors requiring detailed reports of activities and monthly inspections of all alleys were approved Monday night by Granite City council members.

The amendment to the city code was introduced at the June 2 meeting, and action was deferred last week.

Under the amendment, the inspectors are to submit written reports to the council twice a month on all complaints and what action has been taken. Reports are to be submitted once a month on conditions of all alleys in the city.

The inspectors are to report on sanitary conditions in alleys and also are to submit reports to the street department on roadways conditions, Mayor Partney explained.

Alderman Robertson commented the new procedure should "improve and clean up the community."

Opposed to the amendment were council members Nunn, Jarrett and Morien.

**Luther Biggs, 71, Dies; Ill Six Months**

Luther Biggs, 71, of 3012 Denver street, retired boiler attendant at General Steel Industries, died at 4:30 p.m. Monday at St. Elizabeth Hospital, where he had been a patient for six days. He had been in failing health for six months.

Born in DuQuoin, Ill., Mr. Biggs resided here for 46 years. He was employed at General Steel for 22 years. He was a member of the Moose Lodge. He was preceded in death by his wife, Edna, in 1964.

Surviving are seven sons.

## City Seeking to Raze Four Old Structures

Steps were taken by Granite City council members Monday night to pave the way for razing four structures, including two damaged by fire.

Notices are being sent out to owners of property at 2206 Cleveland blvd., 1726 Delmar avenue, 732 Twenty-sixth place and 838-40 Niedringhaus avenue, to begin repairs or court action will be taken to have the buildings torn down.

The premises have been inspected by the city building inspector and fire chief. Building Inspector Orville Deltour said a committee of three aldermen also must make inspections.

City Atty. Scroggins said he was unfamiliar with that phase of the law and would present a legal opinion to the council.

Aldermen also called for action to be taken for property at 2250 State street, 2108 Adams street and at 1832 Delmar avenue. The building inspector was asked to investigate a two-story frame structure at 1804-6 State street that has been boarded up and presents a fire hazard.

Robert, William, Donald, Charles and Larry Biggs all of Granite City, Luther Biggs Jr. of Edwardsville and Richard Biggs, Garden Grove, Calif.; two brothers, Ernest and Rollie Biggs both of Granite City, Clyde and Eugene Biggs of Mulkey Town, Ill.; 25 grandchildren and three great-grandchildren.

Funeral arrangements are given in today's obituary column.

## \$30,000 Savings On Storm Sewer At 23rd, Monroe

A \$30,000 savings in storm sewer construction brought forth practical Project Engineer Mervin Grant of the H. W. Lochner Co. during Monday night Granite City council session.

The engineer in meetings with officials of Granite City Steel Co. came forth with an agreement in which the steel company will pay the \$30,000 cost for a siphon at 23rd and Monroe streets where a storm sewer trunk line and the steel firm's water line would have intersected.

Alderman Rutledge, chairman of the Special Sewer committee, said most of the credit for solving the problem should go to the city engineer, who had the engineer to begin close inspection of work now under way in the replacement of curbs and gutters that were removed during the construction.

The city is seeking to have conditions restored, as closely as possible, to those that existed prior to construction.

Engineer Grant submitted seven change orders for storm sewer construction resulting in a savings of \$645.

Biggest savings was a \$778 deduction through elimination of a 42-inch trunk line along State street from 27th to 28th street. There was a savings of \$478 by relocating a line along 25th street from one side of the street to the other.

Added costs are the delay due to lack of easement for construction along the 27th street parkway, \$3357, and for the two added inlets at 24th and State streets, \$4887. Extra fencing along the open ditch cost \$1616, and rerouting a sanitary sewer that were to be accommodated two house connections cost \$1800.

There was no charge to the city for relocation of a water company line at 27th and Benton streets.

## 10 Building Permits List \$20,080 Values

Ten building permits were issued for new construction in Granite City during the third week of June, listing values totaling \$20,080.

Totals for the first three weeks of the month are 42 permits with values of \$210,446. Obtaining permits last week were Richard Fisher Jr., 3021 Denver street, a trailer, \$5200; William Winsom, 2114 Adams street, a trailer, \$4000; Mrs. George McIlroy, 2669 Center street, a bedroom addition, \$800; Jennie Hutchins, 2713 Buxton avenue, a room addition, rebuild garage and enclosure porch, \$3900.

Agnes Ignitz, 1617 Maple street, repair garage, \$500; Robert Lambert, 2618 Propes avenue, rebuild garage, \$1550; Robert Lewis, 2026 Bryan avenue, rebuild and enclose front porch, \$800; Donald Hurlburt, 2426 Woodland avenue, a patio cover, \$90; Bertha E. Jones, 2507 W. 24th street, rebuild and enclose back porch, \$1000; and Wayne Carrington, 2577 Washington avenue, install aluminum siding, \$1000.

## Lights in Easements Urged by GC Aldermen

An urgent appeal for installation of street lights along easements in the Nameoki area where there are no alleys was made during Monday night's Granite City council session.

Alderman Boker of the Seventh Ward, who was joined by Alderman Green of the Fourth Ward, noted the Nameoki area "is the darkest in town" and that "vandalism and burglars are lurking in the darkness."

He called upon City Atty. Scroggins to meet with officials of Illinois Power Co. to determine the exact status of the company's policy prohibiting such installations and to determine what steps can be taken.

Alderman Basarich, chairman of the Light committee, said the issue has come up frequently and the company policy is that any lights in easements will cost regular rates if put in by the city or an individual. The city under a 50-year franchise—receives a special rate, and for every light installed, the city receives another without charge.

In recent years, the council has concentrated on lighting alleys.

"We've got to work out this problem. People of the Seventh Ward pay taxes, too, and they're entitled to extra lights just as in other sections of the city," Boker stressed.

St. Clair Parking

In other business, the council named Sixth Ward Alderman Partney and Schuler to a special committee to meet with park district officials to discuss the St. Clair avenue parkway east of the drainage ditch.

The city wants the park district to take it over for maintenance and beautification. The park district's legal staff is concerned over a 50-foot easement for Illinois Power Co. along the parkway.

"I'm sure we can work this thing out," Partney said at the council. "The people want this and are entitled to consideration for beautification of the area."

Referred to the city engineer was a request from N. H. Reinhardt for city acceptance of streets and sewers for the Second Addition in Wilson Park Estates subdivision. Referred to the city attorney was a notice of intent to file a damage suit by Elmer Branding, who operates a service station at Johnson road and Washburn avenue.

Branding, through his attorney, Maurice Daley, stated his business suffered because the sewer connection for the station was broken by heavy equipment while Johnson road was being paved and the city has refused to make repairs.

Referred to the Sanitation committee was a letter from John Campbell of No. 5 Mercer drive, who is seeking \$5000 for a storm sewer easement across his property which he says dumps storm water on his property.

City Atty. Scroggins said the line was installed by the subdivision, Gerald Kent, and that of storm sewer easement across against Kent. "It's threatening to plug the line, and if that is done, there could be lengthy litigation," the attorney noted.

Nonn, a member of the Sanitation committee, said that particular committee should not be involved, but the council voted for the committee to meet with Campbell in an effort to work out an agreement.

Referred to the city attorney were notices from the circuit court that hearings in tax objection cases for the years 1959 to 1965 will be heard today and objections filed for the 1966-1969 tax years will be heard July 21.

Nonn said there are several objections against city taxes in those years, including a proposal by the water company to settle for 20 cents on a dollar. He called for the city attorney to protest such a procedure and to represent the city at the hearings.

Alderman Rutledge, chairman of the special committee on re-

vamping city and township voting precincts to coincide, reported he had provided Township Supervisor Nelson Hagner with maps and that a meeting of city and township officials is to be called by the supervisor.

Placed on file was a letter from House Speaker Ralph T. Smith to the mayor and council advising them the Illinois Municipal League had erred in stating there was a House Bill pending to reduce municipal share of motor fuel tax. Smith said a one-cent increase in gasoline tax has been proposed with a half-cent to go to the state and half-cent to cities.

Smith added that if the bill is approved, the city's share of MFT should go up next year.

### "Don't Gamble With Your Future"

**ATTENTION: HOMEOWNERS & HOME BUYERS—**  
"DON'T GAMBLE WITH YOUR FUTURE." "YOU" cannot afford to trust the purchase or sale of your home (perhaps the biggest deal of your life), to anyone but a REALTOR. A REALTOR is a PROFESSIONAL BUSINESS MAN who has earned the right to be a member and who subscribes to the rules and regulations of the Local, State and National Real Estate Boards of America. A REALTOR must earn his living only in the PROFESSION OF REAL ESTATE. He must maintain a full time business office (apart from his home) and he cannot employ part-time untrained salesmen or other unlicensed personnel. He cannot be employed part time in any other industry. A REALTOR is pledged to observe a very strict CODE OF ETHICS in the handling and servicing of every Real Estate transaction. A REALTOR is further governed by a strong PROFESSIONAL STANDARDS COMMITTEE composed of several of the most respected members of the Local Real Estate Board. This Committee has the authority to discipline, fire or dismiss any fellow member who violates the CODE OF ETHICS in business practices with the public. Further, any Homeowner or buyer may file a complaint or grievance against any Realtor for a private hearing before the PROFESSIONAL STANDARDS COMMITTEE. A REALTOR may not use false or misleading advertising. A REALTOR must not persuade, coerce or influence a client to accept a bad deal in order to make a quick and easy commission. Such deals may leave the client with very little more or impose heavy financial burdens impossible to cope with. A REALTOR is required by law and does, keep all the client's monies in a SPECIAL ESCROW BANK ACCOUNT, and is forbidden to use or co-mingle any part of these funds for personal use.

**NOTE:** (Records show many violations of this law.) REALTORS work and are closely associated with other Professional Men such as the best Attorneys in the area, to safeguard the client's rights to Title and Property. Again we respectfully remind you, "DON'T GAMBLE WITH YOUR FUTURE." (CALL A REALTOR, a Professional Business Man, whose office and reputation is his BADGE OF HONOR.
